15 controlled substance.

16 (a) General rule.--Any person who drives, operates or is in
17 actual physical control of the movement of a vehicle in this
18 Commonwealth shall be deemed to have given consent to one or
19 more chemical tests of breath, saliva or blood for the purpose
20 of determining the alcoholic content of blood or the presence of

22 grounds to believe the person to have been driving, operating or
23 in actual physical control of the movement of a vehicle:

24 * * *

25 (c) Test results admissible in evidence.--In any summary
26 proceeding or criminal proceeding in which the defendant is
27 charged with a violation of section 3802 or any other violation
28 of this title arising out of the same action, the amount of
29 alcohol or controlled substance in the defendant's blood, as
30 shown by chemical testing of the person's breath, saliva or

1 blood, which tests were conducted by qualified persons using
2 approved equipment, shall be admissible in evidence.

3 (1) Chemical tests of breath shall be performed on
4 devices approved by the Department of Health using procedures

9 and Transportation. For purposes of breath testing, a
10 qualified person means a person who has fulfilled the
11 training requirement in the use of the equipment in a
12 training program approved by the Departments of Health and
13 Transportation. A certificate or log showing that a device
14 was calibrated and tested for accuracy and that the device
15 was accurate shall be presumptive evidence of those facts in
16 every proceeding in which a violation of this title is
17 charged.

18 (2) (i) Chemical tests of blood or saliva, if conducted
19 by a facility located in this Commonwealth, shall be
20 performed by a clinical laboratory licensed and approved
21 by the Department of Health for this purpose using

29 (ii) For purposes of blood and saliva testing to
30 determine blood alcohol or controlled substance content

1 levels, the procedures and equipment prescribed by the
2 Department of Health shall be reviewed within 120 days of
3 the effective date of this subparagraph and at least
4 every two years thereafter to ensure that consideration
5 is given to scientific and technological advances so that
6 testing conducted in accordance with the prescribed
7 procedures utilizing the prescribed equipment will be as
8 accurate and reliable as science and technology permit.

9 (3) Chemical tests of blood or saliva, if conducted by a
10 facility located outside this Commonwealth, shall be
11 performed:

12 (i) by a facility licensed and approved by the

18 (4) For purposes of blood and saliva testing to
19 determine the amount of a Schedule I or nonprescribed
20 Schedule II or III controlled substance or a metabolite of
21 such a substance, the Department of Health shall prescribe
22 minimum levels of these substances which must be present in a
23 person's blood or saliva in order for the test results to be
24 admissible in a prosecution for a violation of section
25 1543(b) (1.1), 3802(d) (1), (2) or (3) or 3808(a) (2).

26 * * *

27 (h) Test by personal physician.--The person tested shall be
28 permitted to have a physician of his own choosing administer an
29 additional breath, saliva or blood chemical test and the results
30 of the test shall also be admissible in evidence. The chemical

1 testing given at the direction of the police officer shall not
2 be delayed by a person's attempt to obtain an additional test.

3 (i) Request by driver for test.--Any person involved in an
4 accident or placed under arrest for a violation of section
5 1543(b)(1.1), 3802 or 3808(a)(2) may request a chemical test of
6 his breath, saliva or blood. Such requests shall be honored when
7 it is reasonably practicable to do so.

8 (j) Immunity from civil liability and reports.--No
9 physician, nurse or technician or hospital employing such
10 physician, nurse or technician, and no other employer of such
11 physician, nurse or technician shall be civilly liable for
12 withdrawing blood or obtaining a saliva sample and reporting
13 test results to the police at the request of a police officer
14 pursuant to this section. No physician, nurse or technician or
15 hospital employing such physician, nurse or technician may
16 administratively refuse to perform such tests and provide the

3 (a) General rule.--If, as a result of a motor vehicle
4 accident, the person who drove, operated or was in actual
5 physical control of the movement of any involved motor vehicle
6 requires medical treatment in an emergency room of a hospital
7 and if probable cause exists to believe a violation of section
8 3802 (relating to driving under influence of alcohol or
9 controlled substance) was involved, the emergency room physician
10 or his designee shall promptly take blood and saliva samples
11 from those persons and transmit them within 24 hours for testing
12 to the Department of Health or a clinical laboratory licensed
13 and approved by the Department of Health and specifically
14 designated for this purpose. This section shall be applicable to
15 all injured occupants who were capable of motor vehicle
16 operation if the operator or person in actual physical control
17 of the movement of the motor vehicle cannot be determined. Test
18 results shall be released upon request of the person tested, his
19 attorney, his physician or governmental officials or agencies.

20 (b) Immunity from civil or criminal liability.--No
21 physician, nurse or technician or hospital employing such
22 physician, nurse or technician and no other employer of such
23 physician, nurse or technician shall be civilly or criminally
24 liable for withdrawing blood or obtaining a urine or saliva
25 sample and reporting test results to the police pursuant to this
26 section or for performing any other duty imposed by this
27 section. No physician, nurse or technician or hospital employing
